NEW Select-A-Charge

High Frequency Switch Mode Battery Charger

We are excited to announce this new Select-A-Charge line. The first new model, SM2425 is designed for Scissor Lifts, Personnel Carriers, Material Handling equipment and more. 36 and 48 volt models are soon to follow.

These models are specifically designed for Quick Charge using our years of experience charging lead acid batteries. Not overly complicated, one button selects the charge profile for Wet Cell, AGM lead acid's, and lithium. Then watch the action start on the informative display.

FEATURES:

- Drive Lock
- Battery Over Temp Sensing
- Can Bus Connection
- Revolving Display Shows Line Voltage, Charging Amps, and Charging Volts
- 3 Stage LED Tracks Charging Progress
- Recycles if Battery Becomes Too Low While Not in Use Saving Your Batteries From Destructive Over Discharging
- 2 Year Warranty

SPECIFICATIONS:

Dimensions - H.W.D: 5.25 x 7 x 7.5"
Weight: 10 lbs.
AC Input: 100-240v/45-60Hz.
DC Output: 24 volt 25 amp
Operating Temperature: -22F - +122F

Power Factor: >.98
Polarity Protected
Current Limited
IP66 Enclosure
Safety Regulations: CE, CB. KC, ETL
